PROJECT TITLE: OPEN TEXTBOOK LIBRARY

DESCRIPTION:

- Open Textbooks library is the Open Library are considered open because they are free to use and distribute, and are licensed to be freely adapted or changed with proper attribution. An online library is a platform that allows users to access and borrow digital copies of books and other reading materials. It typically includes a catalog of available books, which users can browse and search to find titles of interest. Users can then check out and download the books to read on their personal devices.
- An open textbook library, also called a digital library. It have digital collection of an online database of digital objects that can include text, still images, audio, video, digital documents, or other digital media formats or a library accessible through the internet. The digital content may be stored locally, or accessed remotely via computer networks. These information retrieval systems are able to exchange information with each other through

2. FUNCTIONALITY:

HOME:

- A home page is the primary web page that a visitor will view when the navigate to a website via a search engine, and it may also function as a landing page to attract students. It will contain short preview of all the functionality of open textbook website

STUDY MATERIALS

- It will display study material of all MCA subject. Study material display Subject wise and chapter wise. Student can download and open pdf from Website easily.

- EBOOK

  An e-book is an electronic version of a book that can be read on a computer or mobile device. User can download book in a pdf format. A growing trend among educators in recent years is replacing the traditional textbook with electronic books, or eBooks. These eBooks are textbooks that can be downloaded or installed from a publisher onto a student's computer, eBook reader, or a mobile device.

- COURSES

  Courses Can show different courses link that guide student to buy best courses in reasonable price.

  - MCA COURSE

    We can buy best mca course of web technology, python from different site

    Like udemy and coursera.

  - MBA COURSES

    You can purchase Marketing course, communication course and many more from different site it helps student to guide which course student want to buy.

- ABOUT:

  In About page hear we describe how the library is work on your new ideas, concepts.

  Our excellent book and courses will upgrade your study to next level of technological revolution.

- LOGIN / SINGUP

  Student can login into a website by providing user name and password. Student can also Register in a site and then login. It helps them to purchase a best course from a different different site.

3. Tools / Technology used:

TECHNOLOGY

- **HTML**
- **CSS**
- **JAVASCRIPT**

TOOLS

- **Visual Studio Code**
- **Google Chrome Browser**

PLATFORM:

- **Local Computer**

4. CODE OF WEBSITE
